

MATRIX[®]

PERIMETER ENCLOSURE GRID

THE SECURE SOLUTION

As the world's leader in security fencing, Ameristar Fence Products[®] continues to deliver innovative products that outperform the industry standards. Matrix[®] provides the widest range of security filler options, each with unique properties for visual deterrent and physical delay.

MODULAR

The modular design of the Matrix[®] system makes it easy to install additional areas or to reconfigure the enclosure layout to match project demands.

VERSATILE

The unique design of the Matrix[®] security partition can be fitted with a specific filler material that meets the security requirements of the project.

FLEXIBLE

The standardized components of the Matrix[®] system allow for a quick and simple installation.

We take great pride in manufacturing "Made in the USA" products. Ameristar is located in Tulsa, Oklahoma and is American owned and operated.

Applications:

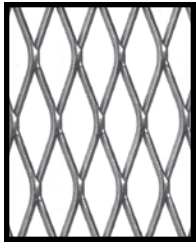

- Chemicals of Interest
- Blast Mitigation Caging
- Industrial Storage
- Counter Terrorism
- Data Storage
- Entry Control
- Sally Ports
- Threat Standoff

FRAMEWORK GRID

Posts

Post size based on project requirements
Post size options: 2", 2.5", 3", 4", 6", & 8"

Rails

Number of rails will be based on fence height
Rail size: 2" x 16 ga.

ForeRunner® H-Channel

The H-Channel aluminum extrusion is used to join consecutive meshes, and is located at the start of each filler.

COATING & WARRANTY

Matrix® is protected with Ameristar's unique PermaCoat® multi-layer coating process. The combination of these layers delivers a system that increases weathering resistance and product durability.

Matrix® is manufactured using the highest quality materials and is backed with Ameristar's 10 year warranty.

**Custom filler options available upon request.*

MATRIX® OPTIONS

Roof/Lid - completely encloses the structure to prevent intrusion and/or increase standoff from protected asset

Picket or Pale addition - can harden the perimeter and improve aesthetics with an ornamental facade

Swing & Slide Gates - manufactured to match system

Item No. 9813 / Effective: 11/2011
