EXODUS® EGRESS GATES
All-in-One Pedestrian Gate Systems

The Exodus Pedestrian Egress Gate was developed to provide a secure perimeter with a gate solution that functions flawlessly and meets the latest safety standards. This all-in-one gate system includes pre-installed hardware and is available in both Single and Double gate models. The non-removable pins and power transfer components produce a secure gate more capable of restricting vandalism and forced entry.

Designed for full functionality out-of-the-box, the Exodus Egress gate combines frame, gate and hardware into a complete system that is plug and play ready.
MOUNTING OPTIONS

Exodus Egress Gates come pre-installed with a specific hardware set. There are various hardware set options available; see product catalog for details. These hardware options include a gate closer, exit device and pull or trim handle set. Exodus Double gates include removable mullion posts and are only available in the flange mounting option.

Hardware set options available to meet California building code.

DESIGN & HARDWARE

Primary Applications
- K-12 Education
- Higher Education
- Stadiums & Arenas
- Municipal Facilities
- Data Centers
- Power Utility
- Retail Outlets
- Apartments
- Assisted Living

- Black
- Bronze
- Sand
- Grey
TRANSPORT® GATES
Engineered Cantilever Gates

TransPort is a revolutionary cantilever gate system made up of three components: frame, facade and hardware.

The component design decreases the risk of damage during transit and does not require a team of installers or machinery to install the gate system. The cantilever gate can easily be installed with a standard three-man crew in about two hours.

NOTE:
Styles, colors and adornments are based upon fence system. Some options not shown.
Unlike other engineered cantilever gates, Transport gates greater than 24’ openings come equipped with four internal trollies that distribute the weight of the gate as it is opened and closed.

**TRANSPORT II®**
1" Ornamental Picket Design
Matches: Montage II | Echelon II | Aegis II

**TRANSPORT IS®**
2.75" Security Pale Design
Matches: Impasse II

**TRANSPORT ESTATE®**
.75" Decorative Arched Picket Design
Matches: Aluminum Estate Entry Gates

**TRANSPORT LINK®**
Chain Link Design
also available.
See ameristar.com for details.

**PRIMARY APPLICATIONS**
- Water Treatment & Storage
- Municipal Facilities
- Government Facilities
- Airports
- Manufacturing Plants
- Petro & Chemical Facilities
- Power Plants & Substations
- Schools & Universities
- Stadiums & Event Centers
Passport is an innovative roll gate system with a robust fabricated design. Its rigid framework enables the gate system to glide effortlessly across its on-grade track, and its V-Track design provides the least amount of space required for a slide gate system.

The reversible design of the PassPort roll gate insures a flawless installation by allowing the gate to be installed on either side of the gate opening.
The PassPort roll gate design has been matched with equally superior hardware. The v-track rollers are designed to support more than the recommended load and provide an effortless balance that glides smoothly across its gate opening.
The Estate entry gate design is a statement in itself. It adds value and aesthetics to complete the elegant look of a wrought iron gate.

Available in both Single and Double Swing. Private businesses, large estates and condominium complexes are ideal properties for the prestigious appeal of the Estate entry and driveway gate.
STEEL ESTATE

3-rail or 4-rail options
1” and ¾” picket options
4’, 4½’, 5’, 6’ or 7’ heights

SINGLE SWING
8’, 10’, 12’ and 14” nominal openings

DOUBLE SWING
16’, 18’, 20’, 22’, 24’, 26” and 28” nominal openings

*Openings available in Montage II only

Matches: Montage II | Montage Commercial | Montage Plus

Steel Estate Entry Gates are designed with a timeless elegance and are built to last with welded construction at every intersection. The one-of-a-kind compound arch provides a seamless transition from ornamental fence to decorative gate.

ALUMINUM ESTATE

5-rail
1” and ¾” picket options
4’, 5’, 6’, 7’ or 8’ heights

SINGLE SWING
8’, 10’, 12’ and 14’ nominal openings

DOUBLE SWING

Aluminum Estate Entry Gate design adds value and aesthetics to complete an elegant old world look of wrought iron. This unique design is fabricated from heavy aluminum profiles for years of durable worry-free operation.

PRIMARY APPLICATIONS

- Ranch Estate
- Stadiums & Arenas
- Apartments
- Assisted Living
- Public Housing
- Parks and Recreation
- Self Storage
Why Choose Ameristar?

**KNOWLEDGE AND EXPERIENCE**

For over 30 years we’ve delivered aesthetically pleasing, high-quality and innovative fencing products with superior design strength and easy installation.

**PROVEN CAPABILITIES**

Our integrated in-house processes, extensive raw materials and finished goods inventory translate into quality, on-time delivery.

**INDUSTRY LEADERSHIP**

We continually raise the bar in manufacturing customer-focused solutions. Our high standards produce premium products that go beyond merely meeting minimum industry standards.
