Aegis II is the obvious front-runner in strength and durability for fence and gates. With a dual wall ForeRunner rail and multi-layer coating, this fence system is unmatched in overall product performance. In addition, the superior component design of Aegis II makes it easy to customize for any project application.
INDUSTRIAL ORNAMENTAL STEEL FENCE

1"sq x 14ga PICKETS | 1.75"sq x 1.75"sq x 14ga ForeRunner™ RAILS | 2.5"sq x 12ga & 3"sq x 12ga POSTS

FABRICATION & DESIGN
Ameristar crafted the ForeRunner rail to increase strength through architecture. The innovative design of the ForeRunner rail contains an internally secured rod that allows for variable pitch connection, high angle biasability and eliminates the need for visually unappealing external fasteners. Galvanized inside and out; to protect against internal corrosion; puts the ForeRunner rail in the upper echelon of fencing options.

PERMACOAT™ PROTECTIVE FINISH
Ameristar’s production facilities use a state-of-the-art polyester powder coating system that provides a durable and scratch resistant finish. Aegis II is protected with Ameristar’s PermaCoat multi-layer coating process. The combination of these layers delivers a system that increases weathering resistance and product durability. The Ameristar coating system results in finished surfaces with unmatched performance.

10 YEAR LIMITED WARRANTY
The family of Aegis steel fencing products are manufactured from the highest quality materials by skilled craftsmen to meet the highest standards of workmanship in the industry. This is why Ameristar proudly offers a limited 10 year warranty.

DOMESTIC MANUFACTURING
Ameristar is committed to providing products that are manufactured in the USA. We have made significant investments in technology, process improvement, and employee training in an effort to secure American jobs and combat inferior import products.
